Pastor Paul Hoover, President

Evangelist Herb Hoover, Director  
(1997-2003)

### DECEMBER UPDATE 2011

Dear Praying and Supporting Friends,

We are rejoicing in the great year that the Lord has given us here in our inner city church planting efforts. During this year the Lord provided a way for the Klaus family to go from our church to the great urban area of New York City. They are a fine family and well trained in the ministry having already proven their faithfulness by laboring for three years here at Souls Harbor with Daniel serving as an assistant pastor.

The Klaus family is now serving in Brooklyn, New York City preparing to plant a new church in the future in one of the neediest areas of our country. There are tens of thousands of people per square mile. According to my survey there is only one strong bible preaching church per one million people in New York City. Please pray for laborers to go and for those who will pray and support those who God calls to serve.

This was also the year that the Lord answered our prayer regarding other opportunities to plant churches in needy urban areas. We believe that the Lord is raising up other fine families to be used of God to plant, water and see churches reach our cities. Before the Lord returns it would be a great answer to prayer to see American cities impacted with the gospel. That is our desire and we know that you also care about souls and the needy cities all around us. Thank you for your support and help as we seek to labor together.

Serving Him,

Pastor Paul D. Hoover
